

Aamal's JV Frijns Steel Construction Middle East wins a major Contract for Execution of Structural Work that Exceed QAR 140M

24 December 2025 – Doha, Qatar– Aamal Company Q.P.S.C., one of the region's leading diversified companies, announces that its joint venture, Frijns Steel Construction Middle East, a leading fabricator of high-quality structural steel for the petrochemical and process industries, has been awarded a major contract exceeding QAR 140 million.

Under this contract, Frijns will undertake the supply, fabrication, painting, delivery and installation of the structural steel scope for the prestigious aviation related contract, further strengthening the company's position as a leading provider of high-performance, large-scale structural steel solutions in Qatar.

On this occasion, Mr. Rashid bin Ali Al Mansoori, CEO of Aamal Company Q.P.S.C., stated: "This important achievement demonstrates the continued confidence placed in Aamal's industrial ventures and underscores our role as a key enabler of Qatar's development objectives. Frijns Steel Construction Middle East has consistently delivered exceptional performance, and this new milestone reflects the strength of our partnership, the capabilities of our teams, and our commitment to supporting the country's infrastructure and growth."

From his side, Mr. Rob Frijns, Managing Director and Partner of Frijns Steel Construction Middle East, commented: "Frijns Steel Construction brings decades of experience and a dedication to excellence to this project. We value this trust and are confident that our expertise will ensure the successful and timely completion of this landmark project."
