Independent auditor's report on review of condensed consolidated interim financial information

To the Shareholders of
Aamal Company Q.P.S.C.

Introduction

We have reviewed the accompanying 30 September 2026 condensed consolidated interim financial information of Aamal Company Q.P.S.C. (the "Company") and its subsidiaries (together the "Group"), which comprises:

- the condensed consolidated statement of financial position as at 30 September 2026;
- the condensed consolidated statement of profit or loss and other comprehensive income for the three-month and nine-month periods ended 30 September 2026;
- the condensed consolidated statement of changes in equity for the nine-month period ended 30 September 2026;
- the condensed consolidated statement of cash flows for the nine-month period ended 30 September 2026; and
- notes to the condensed consolidated interim financial information.

The Board of Directors of the Company is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 September 2026 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

KPMG, Qatar Branch is registered with the Ministry of Commerce and Industry, State of Qatar, and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee. 1. CORPORATE INFORMATION AND PRINCIPAL ACTIVITIES

Aamal Company Q.P.S.C. (the "Company" or the "Parent") was formed on 13 January 2001 pursuant to the provisions of Commercial Companies Law as a private shareholding company with limited liability (W.L.L.) under the Commercial Registration Number 23245 in the State of Qatar. On 12 July 2007, the private shareholders resolved to transform Aamal into a Qatari Shareholding Company (Q.P.S.C.) (the "Company"). Accordingly, the Company was listed on Qatar Stock Exchange on 5 December 2007. The Company's registered office is at P.O. Box 22477, Doha, State of Qatar.

The ultimate parent and controlling shareholder of the Company is Al Faisal Holding Company W.L.L. (the "Ultimate Parent"), which is controlled by Sheikh Faisal Bin Qassim Al Thani.

The Group's principal activities, which remains unchanged since the previous year, are Industrial manufacturing, Trading and distribution, Managed services and Property management and development.

The condensed consolidated interim financial information comprises that of the Company and its subsidiaries (together referred to as the "Group").

The condensed consolidated interim financial information was authorised for issue by the representatives of the Board of Directors of Aamal Company Q.P.S.C. on 27 October 2026.

2. BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

2.1. Basis of preparation

The condensed consolidated interim financial information for the nine-month period ended 30 September 2026 has been prepared in accordance with International Accounting Standard IAS 34 Interim Financial Reporting and have been presented in Qatari Riyals ("QR"), which is the Group's functional and presentation currency.

The condensed consolidated interim financial information does not include all information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2025. In addition, results for the nine-month period ended 30 September 2026 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2026.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period except of the adoption of new and amended standards as set out below.

2.2. Changes to material accounting policies

New standards or amendments for 2026 and forthcoming requirements

New standards or amendments for 2026

The below table lists the recent changes to the IFRS Accounting Standards that are effective for annual periods beginning on 1 January 2026.

Effective date	New standards or amendments
1 January 2026	• *Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7* • *Contracts Referencing Nature-dependent Electricity-Amendments to IFRS 9 and IFRS 7* • *Annual improvements to IFRS Accounting Standards – Volume 11*

The adoption of above amendments had no significant impact on the Group's condensed consolidated interim financial information.

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2. Changes to material accounting policies (continued)

New standards or amendments for 2026 and forthcoming requirements (continued)

Forthcoming requirements

IFRS 18 Presentation and Disclosure in Financial Statements
IFRS 18 *Presentation and Disclosure in Financial Statements* will replace IAS 1 *Presentation of Financial Statements* and applies for annual reporting periods beginning on or after 1 January 2027. The Group has not early adopted the new accounting standard in preparing these interim financial statements; however, earlier application is permitted. IFRS 18 requires a more structured statement of profit or loss and greater disaggregation of information. The Group is in the process of assessing the estimated impact that the initial application of IFRS 18 will have on its consolidated financial statements.

Other standards
The below table lists the recent changes to the IFRS Accounting Standards that are required to be applied for an annual period beginning after 1 January 2026 and that are available for early adoption in annual reporting periods beginning on 1 January 2026.

Effective date	New standards or amendments
1 January 2027	• *IFRS 19 Subsidiaries without Public Accountability: Disclosures*
Available for optional adoption / effective date deferred indefinitely	• *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28)*

Management does not expect that the adoption of the above new and amended standards will have a significant impact on the Group's condensed consolidated interim financial information.

3. ACCOUNTING ESTIMATES

The preparation of these condensed consolidated interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates. In preparing these condensed consolidated interim financial information, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that were applied to the consolidated financial statements for the year ended 31 December 2025. The significant estimates in relation to the determination of the fair value of the Group's investment properties are disclosed in Note 5.

22. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS

22.1 Financial risk factors

The Group's activities are exposed to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and other price risk), credit risk and liquidity risk.

The condensed consolidated interim financial information does not include all financial risk management information and disclosures required in the annual consolidated financial statements. These should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2025.

There have been no changes in the risk management policies since the year end.

22.2 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation and is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and bank loans and borrowings.

The Group monitors its risk to a shortage of funds using a recurring liquidity planning tool. This tool considers the maturity of financial assets (e.g. trade receivables) and projected cash flows from operations. The Group's terms of sales or services require amounts to be paid within 30-60 days from the invoiced date.

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

22. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS (CONTINUED)

22.3 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Group's exposure to credit risk is indicated by the carrying amount of its financial assets, which consist principally of trade receivables, contract assets, retention receivables, amounts due from related parties, other receivables and bank balances.

The Group applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables and retention receivables.

To measure the expected credit losses, trade receivables, contract assets and retention receivables have been grouped based on shared credit risk characteristics and the days past due. The retention receivables relate to the billed works which were held by the customer until the defect period is over and have substantially the same risk characteristics as the trade receivables for the same types of contracts. The Group has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets with the presumption that there is a probability of a default to occur only when the financial asset is 90 days past due.

Trade receivables, contract assets and retention receivables are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the Group.

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

There has been no significant change in the calculated ECL rates disclosed in the year end consolidated financial statements.

22.4 Fair value estimation

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The following table presents the Group's assets and liabilities that are measured at fair value at 30 September 2026.

	Level 1 reviewed	**Level 2 reviewed**	**Level 3 reviewed**	**Total reviewed**

22.4 Fair value estimation (continued)

The Group has no liabilities measured at fair value as at 30 September 2026 and 31 December 2025.

There were no transfers between Levels 1, 2 and 3 during the period.

Fair value of financial assets and liabilities measured at amortised cost

The fair values of the following financial assets and liabilities approximate their carrying value due to their short maturities and as borrowings carry variable interest rate:
